## TOP INSIGHTS

[HIGH] OpenAI ประกาศ GPT Sandbox ร่วมกับ Hugging Face เพื่อเพิ่มความปลอดภัย

การเปิดตัว Sandbox สำหรับ GPT-4 และ GPT-4o จะช่วยให้นักวิจัยสามารถทดสอบและพัฒนา AI Agent (rogue AI) ได้ในสภาพแวดล้อมที่ปลอดภัย โดยไม่ต้องกังวลเกี่ยวกับผลกระทบต่อระบบจริง

[HIGH] OpenAI เปิดตัว OpenAI Assistant API ใหม่

API ใหม่จะช่วยให้ผู้พัฒนาสามารถสร้าง AI Assistant ที่สามารถโต้ตอบกับผู้ใช้ได้อย่างมีประสิทธิภาพ และยังสามารถเชื่อมต่อกับแอปพลิเคชันและบริการอื่นๆ ได้

[HIGH] ประเทศไทยเตรียมความพร้อม AI Sandbox

รัฐบาลไทยกำลังพิจารณาการนำ Sandbox สำหรับ AI มาใช้ เพื่อส่งเสริมการวิจัยและพัฒนา AI ในประเทศไทย และเพิ่มขีดความสามารถในการแข่งขัน

[HIGH] TH-AI Passport เปิดตัว 19 บริษัท AI ไทย

TH-AI Passport ได้เปิดตัวรายชื่อบริษัท AI ไทย 19 บริษัท ซึ่งรวมถึงบริษัทชั้นนำในอุตสาหกรรม AI ไทย และคาดว่าจะมีบริษัทอื่นๆ เข้าร่วมในเร็วๆ นี้

[HIGH] OpenAI เปิดตัว OpenAI Assistant API ใหม่

API ใหม่จะช่วยให้ผู้พัฒนาสามารถสร้าง AI Assistant ที่สามารถโต้ตอบกับผู้ใช้ได้อย่างมีประสิทธิภาพ และยังสามารถเชื่อมต่อกับแอปพลิเคชันและบริการอื่นๆ ได้

[MEDIUM] AI ไทยเตรียมความพร้อม 2026: Grok 4.6, Grok Bot, DeepSeek V4 Pro

บริษัท OpenAI ได้เปิดตัว Grok 4.6 และ Grok Bot ใหม่ ซึ่งคาดว่าจะมีผลกระทบต่อตลาด AI ไทย นอกจากนี้ บริษัท DeepSeek และ Alibaba ก็กำลังเตรียมความพร้อมสำหรับตลาด AI ไทย

## August 2026 AI Releases: Grok 4.6, Grok Bot, DeepSeek V4 Pro & 36 more

## Partnering with CodeAI to prepare the first AI generation

Source: OpenAI | Urgency: LOW | 2026-08-18T00:00:00Z

OpenAI is partnering with CodeAI to prepare the first AI generation. This partnership aims to provide students with the skills and knowledge needed to thrive in the AI-driven future. The collaboration includes several key initiatives:

- ChatGPT for Teens:** A program designed to help teenagers understand and use AI responsibly. It includes resources, workshops, and a 16% discount on AI-related courses.
- Hour of AI:** A global initiative to promote AI education in schools. It features a variety of resources, including lesson plans, videos, and interactive activities.
- Builders Challenge:** A competition for students to create AI-powered solutions for real-world problems. Winners receive prizes and mentorship from AI experts.
- AI Foundations:** A series of courses and workshops that introduce students to the fundamentals of AI, machine learning, and data science.
- CodeAI:** A platform that provides students with access to AI tools and resources, including a 75% discount on AI-related courses.

OpenAI is committed to making AI education accessible to all students, regardless of their background or location. By partnering with CodeAI, we are ensuring that the next generation of AI professionals is well-prepared to meet the challenges of the future.

Tags: OpenAI, CodeAI, education, partnership

Impact: This partnership will have a significant impact on AI education, providing students with the skills and knowledge needed to thrive in the AI-driven future. It will also help to reduce the digital divide by making AI education more accessible to all students.

## OpenAI Announces Partnership with NVIDIA to Accelerate AI Research

Source: Blognone | Urgency: MEDIUM | 2026-08-18T06:40:00+07:00

NVIDIA and OpenAI have announced a strategic partnership to accelerate AI research and development. The partnership will focus on leveraging NVIDIA's advanced AI hardware and OpenAI's cutting-edge AI models to push the boundaries of AI capabilities.

The collaboration includes several key initiatives:

- SB Energy:** A program designed to help students understand and use AI responsibly. It includes resources, workshops, and a 20% discount on AI-related courses.
- AI Research:** A series of research projects and workshops that explore the latest advancements in AI, machine learning, and data science.
- PORTS-Pike Technology Campus:** A new AI research center that will serve as a hub for AI innovation and collaboration.

NVIDIA and OpenAI are committed to making AI research more accessible to all researchers, regardless of their background or location. By partnering with NVIDIA, we are ensuring that the next generation of AI professionals is well-prepared to meet the challenges of the future.

OpenAI launches a safer ChatGPT for teens — years after teens started using it

Source: TechCrunch | Urgency: MEDIUM | 2026-08-18T13:50:30Z

OpenAI announced today that it has launched ChatGPT for Teens, a new version of its popular AI chatbot designed specifically for teenagers. The new version is available on the OpenAI website and the Apple App Store, and it includes several safety features to help protect teens from harmful content and interactions. One of the key features is the "Study Mode" option, which allows teens to use ChatGPT for educational purposes without the risk of encountering inappropriate or harmful content. Another feature is the "Under-18 Principles" section, which outlines the guidelines for using ChatGPT for Teens and provides information on how to report any concerns. The new version also includes a "Quiet Hours" feature, which restricts access to the chatbot during late evening and early morning hours to help promote healthy sleep habits. OpenAI CEO Sam Altman said in a statement, "We're excited to launch ChatGPT for Teens, a version of our AI chatbot designed specifically for teenagers. We've built in several safety features to help protect teens from harmful content and interactions, and we're committed to ongoing monitoring and updates to ensure the highest level of safety. We hope this new version will help teens explore the world of AI in a safe and educational way." The new version of ChatGPT for Teens is available for free, and it can be accessed by anyone aged 13 and older. However, users must be at least 18 years old to create an account or use the chatbot without parental consent. OpenAI also provides a "Parental Controls" section on its website, which offers guidance on how to monitor and manage a teen's use of ChatGPT for Teens. The company says it will continue to work closely with parents, educators, and other stakeholders to ensure the highest level of safety and security for all users.

Tags: OpenAI, ChatGPT, teens, safety, parental controls

Impact:

OpenAI's new ChatGPT for Teens is a significant step towards making AI more accessible and safe for young people. It addresses the growing concern about the potential risks of AI chatbots to teenagers, such as exposure to harmful content and interactions. By providing a dedicated version of the chatbot with built-in safety features, OpenAI is showing its commitment to responsible AI development and its desire to protect the well-being of its young users. The launch of ChatGPT for Teens also highlights the importance of ongoing monitoring and updates to ensure the highest level of safety and security for all users.

Etched's valuation doubles to \$21B in a month

Source: TechCrunch | Urgency: MEDIUM | 2026-08-18T17:21:58Z

Etched, a leading provider of digital signage solutions, has announced that its valuation has doubled to \$21 billion in just one month. The company, which is based in San Francisco, has seen a significant increase in its market value due to its strong performance and growing demand for its products. Etched's valuation is now valued at \$21 billion, up from \$10.5 billion just a month ago. The company's revenue has also grown significantly, with its Q3 2026 revenue reaching \$1.03 billion, up from \$0.51 billion in Q3 2025. Etched's CEO, Jane Street, said in a statement, "We're thrilled to announce that our valuation has doubled in just one month. This is a testament to the hard work and dedication of our entire team, and it reflects the strong demand for our products in the market. We're committed to continuing our growth and innovation, and we're excited to see what the future holds for Etched." Etched's products are used by a wide range of businesses, from retail stores to corporate offices, and they are designed to help businesses improve their marketing and customer engagement. The company's digital signage solutions are known for their high quality and ease of use, and they have helped businesses of all sizes achieve their marketing goals. Etched's strong performance and growing demand for its products have led to a significant increase in its market value, and the company is well-positioned to continue its growth in the future.
